Dear Sir,

I am writing in reference to the high phone rates regarding inmates at the  
Tn State Prison System I have been in law enforcement for over 20 years and  
I believe in punishment for crime However I can not agree with the punishing  
of an inmates' family for what ever crime may have been committed

I have a sister as an inmate at TPW We also have an 83 years of age mother  
who only gets to visit once or twice a year Phone calls are a god send to  
her

Please assist in any way you can to get these rates reduce to a level that  
is acceptable to the free world

Thank You
